This allows you to use the Signal mobile app on your device.

**STEP 1:** Click on the **Options** tab

**STEP 2:** Click on **Mobile Settings**

**STEP 3:** Click on **Web Mobile Settings**

**STEP 4:** Check to enable web access

Choose **Yes** or **No** for text alerts

Type your mobile number

Choose your mobile carrier

**STEP 5:** Verify that all the information is correct before clicking **Confirm**. Use **Edit** to change any information.

**STEP 6:** Check your mobile device for a confirmation text.

**STEP 7:** The confirmation message on your mobile device will look like this. The link will take you to the Signal mobile banking site.

You are now set up to use the Signal Financial mobile app, **Connected**, available for free on the App Store and Google Play.
How to set up Signal Text Banking
This allows you to use text messages to check balances and history.

**STEP 1:** Click on the **Options** tab

**STEP 2:** Click on **Mobile Settings**

**STEP 3:** Click on **Text Mobile Settings**

**STEP 4:** Check to enable text access and agree to the Terms & Conditions

Type your mobile number

Choose your mobile carrier

The available text commands are listed here. Please make a note of them for future reference.

**STEP 5:** Check for each account you want to access via text message.

Create a Mobile Short Name for each account.

**STEP 6:** Verify that all the information is correct before clicking **Confirm**. Use **Edit** to change any information.

**STEP 7:** Check your mobile device for a confirmation text.

**STEP 8:** Reply **Yes** to the confirmation message on your mobile device to activate the text banking service.

895-49 is Signal Financial’s short code. Please add it to your device’s **Contacts** to send text commands without having to remember it.
How to set up alerts for your accounts
This allows you to receive specified alert messages by various methods.

STEP 1: Click on the Options tab

STEP 2: Click on Alerts

STEP 3: Current Alert Settings lists the email address and mobile number currently receiving alerts. A blank means no email address or mobile number has been set up.

To add or change an alert contact method, click Edit. If adding, then click Add Additional Mobiles.

Type your number, choose your provider, then click Submit.

If no alerts are set up for an alert category, its box will be blank.

STEP 4: To add an alert, click Add ____ Alerts

STEP 5: Choose the options you prefer, depending on the alert. Click Continue.

STEP 6: Double-check the email address and mobile number for the alert. If the information is correct, click Submit. If not, click Back to correct it.

You have elected to get alerts via email. You can edit your email address. However, alerts referencing these email addresses could be impacted. To add a new email address or delete an existing one, you need to click on the Alert Setting menu tab.

You have elected to get alerts via SMS text. You can edit your mobile number. However, alerts referencing these mobile numbers could be impacted. To add a new mobile number or delete an existing one, you need to click on the Alert Setting menu tab.
